

A close-up, low-angle shot of a large, abstract glass sculpture. The sculpture has a dark, textured surface with deep, irregular grooves and ridges. It appears to be made of multiple layers or pieces of glass fused together. The lighting highlights the metallic sheen and the intricate patterns of the glass.

glass studio

Somos un estudio de vidrio, en el cual diseñamos y creamos piezas de pequeño y gran formato, manejamos líneas de productos comerciales, así como proyectos especiales.

Nuestra filosofía es la búsqueda constante en el desarrollo de nuevos productos en vidrio, combinando el arte del trabajo hecho a mano, la tecnología y la sensibilidad en el diseño, con nuestra experiencia en vidrio, para lograr como resultado piezas creativas, elegantes e inusuales que a su vez satisfagan las necesidades de nuestros clientes.

Somos lo suficientemente pequeños para ser flexibles y adaptarnos a necesidades específicas, y lo suficientemente grandes para poder satisfacer los volúmenes y la calidad que nuestros clientes requieren

Trëz glass studio no es una fábrica de vidrio, sino una fábrica boutique.

A collection of fractured glass shards with a marbled pattern. The shards vary in size and shape, some being large and irregular, while others are smaller and more triangular. The pattern consists of dark brown, black, and white speckles against a lighter, translucent background. The shards are arranged in a loose pile, with some overlapping each other.

A close-up photograph of a highly reflective, abstract glass sculpture. The sculpture has organic, flowing forms with deep, dark recesses and bright, metallic highlights. It appears to be composed of several curved, translucent panels that overlap and reflect each other. The lighting is dramatic, emphasizing the texture and depth of the glass.
